

Dear Colleague

It is a pleasure to welcome you to the third annual East Midlands Major Trauma Network Conference, held once again at the Derby County Football Club. We are delighted to bring together colleagues from across the region to share knowledge, exchange ideas, and strengthen collaboration within our network.

This event would not be possible without the dedication of our Conference Design Team, who have invested considerable time and effort in developing today's programme, securing expert speakers, and ensuring the day runs smoothly. We extend our sincere thanks to them for their outstanding commitment.

The programme features a range of presentations, workshops, and poster sessions designed to inform, challenge, and inspire. We are grateful to all those contributing their expertise today, as well as to our sponsors, whose generous support helps make this event possible. Please take the opportunity to visit their stands and learn more about their work.

The past few years have brought significant change and challenge to all of us working in trauma care. Today's conference is an opportunity to reflect, to learn from one another, and to continue building a stronger, more resilient network for the benefit of our patients and teams alike.

We greatly value your feedback, which plays an essential role in shaping future events. Please complete an evaluation form before you leave, and if you are interested in becoming involved in future conference planning, we would be delighted to hear from you.

We hope you find today's conference stimulating, informative, and an excellent opportunity to reconnect with colleagues and build new professional relationships. Thank you for being part of the East Midlands Major Trauma Network, and for your continued commitment to improving trauma care across our region.

Yours sincerely

Martin Wiese
Network Medical Lead

Craig Esberger
Senior Network Manager
